DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 29 November 2004 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Marsteller on 8 February 2005.

The application has been amended as follows:

- Claims 5 and 8 have been cancelled.

Allowable Subject Matter

Claims 1,3,4,6,7,9 and 10 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The best prior art of record discloses a microchannel plate and a method of manufacturing a microchannel plate comprising a single acid insoluble cladding glass surrounding an acid soluble core and the prior art also teaches an acid soluble core surrounded by two cladding layers, wherein one layer is slightly acid soluble and the other layer is acid insoluble. However, the prior art fails to teach or fairly suggest a microchannel plate comprising a single type of acid soluble cladding glass and an acid soluble core glass, wherein the core glass and cladding glass are different, as claimed in claims 1,3 and 10. Claims 4,6,7 and 9 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth Keaney whose telephone number is (571)272-2489. The examiner can normally be reached on Monday-Thursday 5:30-4.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ed Glick can be reached on (571)272-2490. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
